**Macroeconomics comments from the portfolio management team**

The 1st half of 2020 has featured a degree of market volatility comparable if not even higher than that witnessed during the Great Financial Crisis (GFC).

While the lockdown measures implemented to counter the spread of the Covid19 virus and its human toll triggered unprecedented (outside of war periods) economic losses, financial markets behaved quite differently than what generally happens in times of severer economic distress.

Probably because the crisis had been exogenous to the economy, as opposed to the financial misbehaviours which led to the GFC, and also because it is commonly agreed that the reaction of public bodies (Governments and Central banks) to the GFC had been sub-optimal and led to a deeper and longer crisis, Central banks and Government reacted both very early and very aggressively to the challenge, throwing trillions of dollars in the economy and the financial markets to help weather the crisis. As a result, what had been the swiftest and steepest bear market in history was followed, starting on the 23rd of March, by an almost equally furious bull market, leaving most investors in disarray and the disconnection between Wall Street and Main Street at all times high.

Following that, the market entered a period of fluctuation until mid-May when, suddenly, two things became evident: first of all, that the end of the lockdown measures had not triggered a much feared rebound in the pandemic (at least in Europe); and secondly, that the economic re-start that ensued was much faster than expected, as evidenced by the massive job creations occurring in the US. As a result, financial markets benefitted from a second wave of strength, this time with more breadth and depth than the first one, leaving all major equity indices in "only" high single digit or low double digit territory of year-to-date negative return at the end of June.

**CORUM ECO 18 UCITS Fund**

CORUM Eco 18 returned -7.01% in H1 2020 and is up 0.49% since inception (EUR Retail Class Pooled Accumulating Shares). We remained cautious and tried to understand that policy response would be enough to trigger a sharp (and unprecedented) rebound. Once we identified the clear signals of a durable market rebound (mid-May), we finalized our repositioning. The latter included a return to average market exposure and a repositioning into low B Credits and Cyclical names which we viewed, post in-depth calls with the companies, to have superior return prospects and low default risk.

Looking at the second half of 2020, even though the world is not out of the woods when it comes to the pandemic and even less with the economic crisis, we do not expect the market to face the same type of volatility it has faced in March as the "official sector" (Central Banks and Governments) reaction continues to contain the pandemic damages.

**CORUM Butler Short Duration Bond UCITS Fund**

In this context, the -8.09% YTD (EUR Founder Pooled Acc. Share Class )return of the BSD fund at the end of June is disappointing. Indeed, whilst the Fund was positioned to navigate a "normal" recession (our exposure to deep cyclicals for instance was minimal at the end of February), it wasn't built to deal with the implosion that the European High Yield market faced during the first 3 weeks of March nor with the demise of relatively resilient sectors like the gaming or the travel and leisure industries that followed the spread of Covid-19. As a result, during the second and third week of March, as our Fund's was dipping far in excess of any of our "realistic" scenarios we decided to try and limit ever mounting losses by significantly reducing our market exposure and raising cash. This proved to be a bitter mistake since the European High Yield market rapidly recovered and BSD's participation to the upside ended up significantly below expectations. Starting early April, we have begun to reallocate the cash pile we had built; however, because of the defensive characteristics embedded in the Funds, our investment have mostly been in high quality names, thereby limiting their upside characteristics.

Looking at the second half of 2020, even though the world is not out of the woods when it comes to the pandemic and even less with the economic crisis, we do not expect the market to face the same type of volatility it has faced in March as the "official sector" (Central Banks and Governments) reaction continues to contain the pandemic damages. In such a context we would expect BSD to continue to recover part of the loss it has built in Q1

**Investment Manager's Report (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**CORUM Butler Smart ESG Fund**

The Butler Corum Smart ESG Fund (EUR Founder Pooled Acc. Share Class) returned -6.90% in H1 vs €High Yield market (Iboxxmja index) returned -5.40% and reference index (50% Iboxxmja and 50% EURIBOR 1M) returned -2.70%.

The portfolio had a defensive bias pre Covid-crisis, this positioning helped the fund to amortize the huge March drawdown (-10.53% versus market -13.26%). However, we have failed to identify the V-shaped scenario which materialized in HY markets after March 23rd and remained with a defensive bias for too long. We thus have been penalized in the rally which results in underperformance of our fund in H1.

We have seen the €HY primary market reopen in a rather impressive manner since June, and Corum Butler Smart ESG participated in some of these news issues (Sig Combibloc, Algeco, Thyssenkrupp).

The portfolio structure changed through these last 6 months. We began with a defensive full BBs portfolio, skewing more to Bs issuer in May and rotating the funds toward cyclical companies.

From an ESG standpoint, we always stayed below investment universe in terms of carbon emission intensity positioning. Our average ESG Rating was stable at BBB, the investment universe stays with a single-A rating. Our non-ESG bucket never moved above 8% (10% hard limit). Finally, on average, we had fewer companies with recent major layoffs than standard in the investment universe every month.

**For the financial period from 1 January 2020 to 30 June 2020**

---

## **1. Organisation and Structure**

CORUM Butler UCITS ICAV (formerly Butler Corum UCITS ICAV) (the “ICAV”) is an open-ended umbrella type Irish Collective Asset-Management Vehicle with segregated liability between its Sub-Funds, established under the laws of Ireland on 29 January 2018 and regulated by the Central Bank of Ireland (the “Central Bank”) under registration number C176706. The ICAV was authorised by the Central Bank as a UCITS pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, (as amended) (the “UCITS Regulations”) and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2015 as amended (the “Central Bank UCITS Regulations”) on 29 January 2018.

The ICAV has three Sub-Funds, the CORUM ECO 18 UCITS Fund, which launched on 21 June 2018, the CORUM Butler Short Duration Bond UCITS Fund (formerly Butler Short Duration Bond UCITS Fund) which launched on 5 June 2019 and the CORUM Butler Smart ESG Fund (formerly Butler CORUM Smart ESG Fund) which launched on 11 October 2019 (collectively known as the “Sub-Funds”).

CORUM Butler Asset Management Limited acts as the manager for the ICAV. On 9 January 2020, Butler CORUM Asset Management Limited changed name to CORUM Butler Asset Management Limited. Butler Investment Managers Limited acts as Investment Manager (the “Investment Manager”) to the ICAV.

The investment objective of the CORUM ECO 18 UCITS Fund is to seek to achieve an attractive long-term rate of return from investment in fixed income securities.

The investment objective of the CORUM Butler Short Duration Bond UCITS Fund is to seek to achieve, net of management fees, an annualised outperformance of the 1-month EURIBOR +1% from investment in credit securities for investors with an investment horizon of 1-2 years.

The investment objective of the CORUM Butler Smart ESG Fund is to seek to achieve a positive long-term rate of return from investment in fixed income securities of issuers selected based on their financial performance as well as their environmental, social and governance (“ESG”) characteristics.

## **2. Significant Accounting Policies**

### **a) Basis of Preparation**

These financial statements have been prepared for the financial period from 1 January 2020 to 30 June 2020. The accounting policies applied and method of computation followed in these financial statements are the same as those applied in the ICAV’s annual financial statements, for the financial year ended 31 December 2019.

The financial statements of the ICAV have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as adopted by the European Union (“EU”) and those parts of the ICAV Act 2015 applicable to entities reporting under IFRS and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2015 (the “Central Bank UCITS Regulations”). These condensed financial statements have been prepared in conformity with the requirements for interim reporting in IAS 34. The financial statements have been prepared on a going concern basis under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities (including derivative financial instruments) at fair value through profit or loss.

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses (Note 8). Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revision to estimates are recognised prospectively.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**2. Significant Accounting Policies (continued)**

**b) New Standards and Interpretations Adopted**

There are no standards, amendments to standards or interpretations that are effective for annual periods beginning on 1 January 2020 that have a material effect on the financial statements of the ICAV.

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 January 2020, and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the ICAV.

**c) Financial Assets and Financial Liabilities**

***Financial assets***

*Financial assets measured at amortised cost*

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The ICAV includes in this category cash and cash equivalents, investment management rebate receivable, accrued income, subscriptions receivable and other receivables.

*Financial assets measured at fair value through profit or loss*

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the ICAV may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The ICAV makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice;
- how the performance of the portfolio is evaluated and reported to the ICAV's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL. This category includes exchange traded funds, forward foreign exchange contracts and fixed income securities.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**2. Significant Accounting Policies (continued)**

**c) Financial Assets and Financial Liabilities (continued)**

*Financial liabilities*

Financial liabilities are classified as measured at amortised cost or FVTPL.

*Financial liabilities measured at amortised cost*

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

The ICAV includes in this category – bank overdraft and other payables.

*Financial liabilities measured at fair value through profit or loss*

A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

This category includes forward foreign exchange contracts.

**d) Accounting for Investment Income and Investment Expense**

**Interest**

Interest income and interest expense are recognised using the accrual basis. Interest income from financial assets at fair value through profit or loss includes interest from debt securities. Interest expense includes interest on bank overdrafts.

**Operating Expenses**

The Sub-Funds of the ICAV shall pay their own expenses and such proportion of the ICAV's expenses as is attributable to it. All expenses are accrued on a daily basis as part of Net Asset Valuation each day. See Note 6 for further details on fees paid by the Sub-Funds.

**Dividend Income**

Dividends are credited to the Statement of Comprehensive Income on the dates on which the relevant securities are listed as “ex-dividend”. Income is shown gross of any non-recoverable withholding taxes, which is disclosed separately in the Statement of Comprehensive Income, and net of any tax credits.

**e) Foreign Currency**

**Functional and Presentation Currency**

Items included in the Sub-Funds' financial statements are measured using the currency of the primary economic environment in which it operates (the “functional currency”). The Euro (“EUR”) is the functional currency for the Sub-Funds. EUR is the presentation currency for the ICAV as a whole.

Monetary assets and liabilities denominated in currencies other than the functional currencies are translated into the functional currency at the closing rates of exchange at each financial period/year end. Transactions during the financial period, including purchases and sales of securities, income and expenses, are translated at the rate of exchange prevailing on the date of the transaction. Foreign currency transaction gains and losses are included in realised and unrealised gains and losses on investments in the Statement of Comprehensive Income.

**f) Redeemable Participating Shares**

All redeemable ordinary shares issued by the Sub-Funds provide the investors with the right to require redemption for cash at the value proportionate to the investors share in the Sub-Funds' net assets at the redemption date. In accordance with IAS 32, “Financial Instruments: Presentation”, such instruments give rise to a financial liability for the present value of the redemption amount.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**2. Significant Accounting Policies (continued)**

**g) Cash and Cash Equivalents and Bank Overdraft**

Cash and cash equivalents includes cash in hand, deposits held at call with banks and other short-term investments in an active market with original maturities of three months or less. Bank overdrafts are presented as a liability in the Statement of Financial Position.

**h) Transaction Costs**

Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial asset or financial liability. An incremental cost is one that would not have been incurred if the ICAV had not acquired, issued or disposed of the financial instrument. Only transaction costs which are separately identifiable are disclosed.

These include transaction costs paid to the Depositary, identifiable brokerage charges and commissions, identifiable transaction related taxes and other market charges and separately identifiable transaction costs related to financial derivative instruments.

**i) Anti-Dilution Levy**

To preserve the value of the underlying assets and to cover dealing costs, the Investment Manager, on behalf of the ICAV, may deduct from the repurchase proceeds, when there are net redemptions, an anti-dilution levy to cover dealing costs and to preserve the underlying assets of the relevant Sub-Fund. Any such charge shall be retained for the benefit of the Sub-Fund. The Investment Manager, on behalf of the ICAV, reserves the right to waive such charge at any time. This charge is a credit to income on the Statement of Comprehensive Income. There were no such charges imposed for the financial period ended 30 June 2020.

**j) Realised and Unrealised Gains and Losses on Investments**

Security transactions are recorded on the trade date basis. Realised gains and losses are computed by use of the average cost method. Unrealised gains or losses are calculated as the difference between the cost price of an investment and the market value of that investment on the valuation date. Realised and unrealised gains or losses on investments are recorded in the Statement of Comprehensive Income.

**(k) Offsetting**

Financial assets and financial liabilities are offset and the net amount presented in the Statement of Financial Position when and only when the ICAV has a legal right to offset the amounts and it intends to settle on a net basis or to realise the asset and settle the liability simultaneously.

**(l) Distributions to Holders of Redeemable Participating Shares**

**CORUM ECO 18 UCITS Fund**

For the EUR Feeder Distributing Class Shares and the EUR Retail Distributing Class Shares (each a “Distributing Share Class” and together, the “Distributing Share Classes”), the Directors intend to declare dividends, at their discretion, out of the underlying income to the Distributing Share Classes as of the Distribution Date. Such dividends will be paid on or before the 14th Business Day following the Distribution Date to Shareholders of the Distributing Share Classes (i) entered on the register of Shareholders at the close of business on the Business Day immediately preceding the Distribution Date and (ii) meeting any criteria for eligibility of a dividend payment imposed by the Directors when declaring a dividend on the Distribution Date. Therefore applicants for Shares issued on or after the Distribution Date will not be entitled to the distribution paid in respect of such Distribution Date but Shareholders seeking the redemption of Shares in issue before the Distribution Date will receive the distribution paid in respect of such Distribution Date, if not paid before the redemption. The Directors reserve the right to increase or decrease the frequency of dividend payments, if any, at their discretion.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**2. Significant Accounting Policies (continued)**

**(l) Distributions to Holders of Redeemable Participating Shares (continued)**

For the period ended 30 June 2020 there were distributions declared on the CORUM ECO 18 UCITS Fund of EUR 49,401 on the EUR Feeder Distributing Class Shares (30 June 2019: EUR 144,237).

There were no distributions declared on the CORUM Butler Short Duration Bond UCITS Fund or the CORUM Butler Smart ESG Fund during the period.

**(m) Forward Foreign Exchange Contracts**

Forward foreign exchange contracts are recognised in the Statement of Financial Position at their fair value. Forward foreign exchange contracts entered into by the ICAV represent a firm commitment to buy or sell an underlying asset or currency at a specified value and point in time based upon an agreed or contracted quantity. The unrealised gain or loss is equal to the difference between the value of the contract at the onset and the value of the contract at settlement date/period-end date.

**(n) Establishment Fees**

For the purpose of calculating the dealing Net Asset Value and as per the ICAV's Prospectus, the preliminary expenses incurred in connection with the establishment and initial issue of shares in the Sub-Funds when incurred will be amortised over the first five financial years of the ICAV. However, as required by IFRS, this expense must be written off when incurred and so these financial statements have been adjusted accordingly, as set out in note 14. This is for financial statements purposes only and has no impact on the Dealing Net Asset Value of the Sub-Funds.

**3. Share Capital Transactions**

The authorised share capital of the ICAV is 500,000,000,002 Shares of no par value divided into 2 Subscriber Shares of no par value and 500,000,000,000 unclassified Shares of no par value.

The ICAV issues ordinary participating shares ("Shares") of no par value. Shareholders have the right to participate in or receive profits of the ICAV and to vote at general meetings.

Shares may be issued as at any "Dealing Day". Dealing Day shall mean the second and fourth Tuesday in each calendar month provided such day is a business day or the following business day where the relevant day is not a business day or such other days as the Directors may determine and notify in advance to Shareholders. Shares issued in the Sub-Funds or Class will be in registered form and denominated in the base currency specified in the relevant Supplement for the Sub-Fund or a currency attributable to the particular Class.

The redeemable participating shares which comprise the equity capital of the Fund are in substance a liability of the Sub-Fund to shareholders under IAS 32 as they can be redeemed at the option of the shareholder.

The ICAV is not subject to any externally imposed capital restrictions.

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

**3. Share Capital Transactions (continued)**

Every Shareholder (with applicable voting rights) present in person or by proxy shall be entitled to one vote. Every Shareholder must satisfy the initial subscription and subsequent subscription requirements applicable to the relevant Class. The Directors reserve the right to differentiate between Shareholders and to waive or reduce the initial subscription and subsequent subscription for certain investors.

Shareholders may request redemption of their Shares on and with effect from any Dealing Day. Shares will be redeemed at the Net Asset Value per Share for that Class, (taking into account the anti-dilution levy, if applicable), calculated on or with respect to the relevant Dealing Day. For all redemptions, Shareholders will be paid the equivalent of the redemption price per Share for the relevant Dealing Day.

Redemption proceeds in respect of Shares will normally be paid within three business days from the relevant dealing deadline, unless otherwise stated within the relevant Supplement, provided that all the required documentation has been furnished to and received by CACEIS Ireland Limited (the “Administrator”).

The Directors may at any time, and from time to time, temporarily suspend the determination of the Net Asset Value of the Sub-Funds or attributable to a Class and the issue, conversion and redemption of Shares in the Sub-Funds or Class.

**4. Cash and Cash Equivalents**

**6. Fees and Expenses**

**Investment Manager Rebate**

*CORUM ECO 18 UCITS Fund*

The Investment Manager has opted to reduce the Sub-Fund's operating expenses by implementing a daily expense cap of 1.2% of the average net asset value of the CORUM ECO 18 UCITS Fund. The Investment Manager will rebate to the Sub-Fund the amount of any expenses above the fee cap. As at 30 June 2020, the total Investment Manager rebate receivable was EUR 393,156 (31 December 2019: EUR 305,451). The total Investment Manager rebate for the period ended 30 June 2020 was EUR 87,705 (30 June 2020: 98,539).

*CORUM Butler Short Duration Bond UCITS Fund*

The Investment Manager has opted to reduce the Sub-Fund's operating expenses by implementing a daily expense cap of 0.5% of the average net asset value of the CORUM Butler Short Duration Bond UCITS Fund plus the management fee of the respective share class. As at 30 June 2020, the total Investment Manager rebate receivable was EUR 90,520 (31 December 2019: EUR 43,766). The total Investment Manager rebate for the period ended 30 June 2020 was EUR 46,142 (30 June 2020: EUR Nil).

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**6. Fees and Expenses (continued)**

**Investment Manager Rebate (continued)**

*CORUM Butler Smart ESG Fund*

The Investment Manager has opted to reduce the Sub-Fund's operating expenses by implementing a daily expense cap of 0.5% of the average net asset value of the CORUM Butler Smart ESG Fund plus the management fee of the respective share class. As at 30 June 2020, the total Investment Manager rebate receivable was EUR 79,888 (31 December 2019: EUR 38,340). The total Investment Manager rebate for the period ended 30 June 2020 was EUR 86,430.

**Investment Management Fees**

Pursuant to the Investment Management Agreement, the Investment Manager is entitled to charge an investment management fee equal to a per annum percentage of the Net Asset Value of each Share Class. The fee is calculated and accrued at each valuation point and is payable monthly in arrears.

The Investment Manager is entitled to be reimbursed by the ICAV for reasonable out-of-pocket expenses incurred by it and any VAT on all fees and expenses payable to or by it.

*CORUM ECO 18 UCITS Fund*

The CORUM ECO 18 UCITS fund is subject to the following investment management fees as a percentage of the Net Asset Value of the Share Class, in an amount which will not exceed:

- i. 1.20% per annum of the Net Asset Value of the Sub-Fund in the case of the Feeder Class Shares.
- ii. 1.20% per annum of the Net Asset Value of the Sub-Fund in the case of the Retail Class Shares.

Investment Manager fees charged for the period ended 30 June were EUR 51,476 (30 June 2019: EUR 37,474), EUR 172,875 (31 December 2019: EUR 121,399) was payable as at the period end.

*CORUM Butler Short Duration Bond UCITS Fund*

The Butler Short Duration Bond UCITS Fund is subject to the following investment management fees as a percentage of the Net Asset Value of the Share Class in an amount which will not exceed:

- i. 0.45% per annum of the Net Asset Value of the Sub-Fund in the case of the Institutional Class Founder Shares and the Institutional Class Founder Pooled Shares;
- ii. 0.70% per annum of the Net Asset Value of the Sub-Fund in the case of the Institutional Class Shares and the Institutional Class Pooled Shares; and
- iii. 0.95% per annum of the Net Asset Value of the Sub-Fund in the case of the Retail Class Pooled Shares and Corum Capitalisation Shares.

Investment Manager fees charged for the period ended 30 June 2020 were EUR 43,450 (30 June 2019: EUR 3,218) of which EUR 43,450 (31 December 2019: EUR 33,907) was payable as at the period end.

*CORUM Butler Smart ESG Fund*

The CORUM Butler Smart ESG Fund is subject to the following investment management fees as a percentage of the Net Asset Value of the Share Class in an amount which will not exceed:

- i. 0% per annum of the Net Asset Value of the Sub-Fund in the case of the Class E Shares;
- ii. 0.50% per annum of the Net Asset Value of the Sub-Fund in the case of the Institutional Class Founder Shares and the Institutional Class Founder Pooled Shares;
- iii. 0.80% per annum of the Net Asset Value of the Sub-Fund in the case of the Institutional Class Shares and the Institutional Class Pooled Shares; and

**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**6. Fees and Expenses (continued)**

**Investment Management Fees (continued)**

*CORUM Butler Smart ESG Fund (continued)*

- iv. 1.20% per annum of the Net Asset Value of the Sub-Fund in the case of the Retail Class Pooled Shares and Corum Capitalisation Shares.

Investment Manager fees charged for the period ended 30 June 2020 were EUR 224. EUR 280 (31 December 2019: EUR 57) was payable as at the period end.

**Manager Fees**

The ICAV is subject to the following Manager fees as a percentage of the Net Asset Value of the Sub-Funds subject to a minimum fee of €5,000 a month per Fund together with value added tax, if any, applicable to such fees:

<b>Net Asset Value</b>	<b>Manager Fees</b>
Up to EUR 150,000,000	0.08%
Greater than EUR 150,000,000 and up to EUR 300,000,000	0.05%
Greater than EUR 300,000,000	0.03%

The Manager is also entitled to be repaid out of the assets of the Sub-Fund for all of its reasonable out-of-pocket expenses incurred by the Manager on behalf of the ICAV or the Sub-Fund.

Manager fees charged by CORUM Butler Asset Management Limited for the period ended 30 June 2020 were EUR 90,000 (30 June 2019: EUR 34,334), of which EUR 15,000 (31 December 2019: EUR 63,387) was payable as at the period end.

**Administration Fees**

The Administrator is entitled to receive out of the assets of the Sub-Funds an annual fee, accrued and calculated on each valuation point and payable monthly in arrears, which will not exceed 0.06% per annum of the Net Asset Value of the Sub-Funds (plus VAT, if any).

The ICAV is subject to the following administration fees as a percentage of the Net Asset Value of the Sub-Funds:

<b>Net Asset Value</b>	<b>Administration Fees</b>
Up to EUR 100,000,000	0.06%
Greater than EUR 100,000,000 and up to EUR 200,000,000	0.05%
Greater than EUR 200,000,000	0.04%

Administration fees are subject to a minimum fee of EUR 36,000 per annum, with a 50% reduction in the minimum fee for the first 12 months after the launch of the ICAV.

The Administrator is also entitled to recover any out-of-pocket expenses (plus VAT thereon, if any) reasonably incurred on behalf of the Sub-Funds out of the assets of the Sub-Funds on an actual cost basis.

Administration fees charged for the period ended 30 June 2020 were EUR 40,782 (30 June 2019: EUR 12,576) of which EUR 11,423 (31 December 2019: EUR 7,473) was payable as at the period end.

**For the financial period from 1 January 2020 to 30 June 2020**

**6. Fees and Expenses (continued)**

**Depositary Fees**

CACEIS Bank, Ireland Branch (the “Depositary”) is entitled to receive a depositary fee which will not exceed 0.03% per annum of the Net Asset Value of the Sub-Funds, accrued at each valuation point and is payable monthly in arrears. Depositary fees are subject to a minimum fee of EUR 20,000 per annum, with a 50% reduction in the minimum fee for the first 12 months after the launch of the ICAV.

<b>Net Asset Value</b>	<b>Depositary Fees</b>
Up to EUR 100,000,000	0.030%
Greater than EUR 100,000,000	0.025%

The ICAV will also reimburse the Depositary out of the assets of the Sub-Funds for reasonable out-of-pocket expenses incurred by the Depositary and for transaction charges, banking and safe custody fees.

Depositary fees charged for the period ended 30 June 2020 EUR 20,033 (30 June 2019: EUR 6,711) of which EUR 6,387 (31 December 2019: EUR 3,120) was payable as at the period end.

**Performance Fees**

*CORUM ECO 18 UCITS Fund*

There are no performance fees charged on the Sub-Fund.

*CORUM Butler Short Duration UCITS Fund and CORUM Butler Smart ESG Fund*

The Manager is entitled to receive a performance fee in respect of each of the following Share Classes at the relevant percentage rate per annum shown in the table below of the appreciation in the Net Asset Value per Share of each such Class during that Calculation Period above the Hurdle Rate.

**CORUM Butler Short Duration Bond UCITS Fund**

<b>Share Classes</b>	EUR Institutional Class Pooled Accumulating	CHF Institutional Class Pooled Accumulating*	EUR Institutional Class Founder Accumulating	EUR Institutional Class Founder Pooled Accumulating	USD Institutional Class Founder Pooled Accumulating*
<b>Performance Fee</b>	10%	10%	5%	5%	5%

<b>Share Classes</b>	EUR Retail Class Pooled Accumulating	CORUM Capitalisation Shares
<b>Performance Fee</b>	10%	15%

**CORUM Butler Smart ESG Fund**

<b>Share Classes</b>	GBP Institutional Class Accumulating	EUR Institutional Class Founder Pooled Accumulating	CORUM Capitalisation Shares
<b>Performance Fee</b>	15%	5%	15%

\*The Sub-Funds will hedge the foreign currency exposure of non-Base Currency Share Classes either against the Base Currency or the currencies in which the assets of the Sub-Funds are denominated.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**6. Fees and Expenses (continued)**

**Performance Fees (continued)**

The Performance Fee in respect of the CORUM Butler Short Duration UCITS Fund will be calculated in respect of each calendar quarter ("a Calculation Period").

The Performance Fee in respect of the CORUM Butler Smart ESG Fund will be calculated in respect of each calendar year ("a Calculation Period").

The end of the Calculation Period is the last Dealing Day of each calendar year/quarter. The Performance Fee will be deemed to accrue on a daily basis as at each Valuation Point.

The Performance Fee is normally payable to the Manager in arrears within 14 calendar days of the end of each Calculation Period. However, in the case of Shares redeemed during a Calculation Period, the accrued Performance Fee in respect of those Shares will be payable within 14 calendar days after the date of redemption.

*A. Institutional Class Shares and Institutional Class Founder Shares ("Equalisation Class Shares") and Corum Capitalisation Shares*

The Performance Fee for the Institutional Class Shares and Institutional Class Founder Shares is calculated on a Share-by-Share basis so that each such Share is charged a Performance Fee which equates precisely with that Share's performance. This method of calculation ensures that (i) any Performance Fee paid to the Manager is charged only to those Shares the performance of which has exceeded the Hurdle Rate, (ii) all holders of Shares of the same Class have the same amount of capital per Share at risk in the Sub-Fund, and (iii) all Shares of the same Class have the same Net Asset Value per Share.

Any underperformance of the Hurdle Rate in any Calculation Period will be recovered before any further Performance Fee becomes payable in the following Calculation Period. This will be done by establishing a minimum Net Asset Value per Share for the class, equating to the Net Asset Value per Share that would have been achieved had the Net Asset Value per Share performed at the same rate as the Hurdle Rate over the Calculation Period ("Hurdle Net Asset Value"). The Hurdle Net Asset Value will be used as the opening Net Asset Value per Share for the calculation of Performance Fee in the following Calculation Period and all future Calculation Periods until the underperformance has been recovered and a Performance Fee becomes payable again. The Performance Fee is payable only on the amount by which the Sub-Fund outperforms the Hurdle Rate and any underperformance of the Hurdle Rate in preceding periods is clawed back (cleared) before a Performance Fee becomes due in subsequent periods.

*B. Institutional Class Pooled Shares, Institutional Class Founder Pooled Shares and Retail Pooled Shares ("Pooled Class Shares")*

If at the end of the relevant Calculation Period, the performance of the Net Asset Value of a Pooled Share Class exceeds the Hurdle Rate Adjusted Net Asset Value for that class, a Performance Fee will be calculated in respect of the class at the Relevant Percentage and shall be chargeable on the amount which exceeds the Hurdle Rate Adjusted Net Asset Value, plus any Performance Fee accrued in relation to the class in respect of redemptions during the Calculation Period.

The use of a Hurdle Rate Adjusted Net Asset Value ensures that investors will not be charged a Performance Fee for a Pooled Share Class until any previous shortfalls relative to the Hurdle Rate Adjusted Net Asset Value for the class are recovered. The "Hurdle Rate Adjusted Net Asset Value" of a class is the Net Asset Value of the class as at the end of the last Calculation Period after which a Performance Fee was paid increased on each Dealing Day by the value of any subscriptions or reduced pro rata by the value of any redemptions on each Dealing Day and, where relevant, any distributions in respect of the class and adjusted by the Hurdle Rate over the course of the Calculation Period. For the first Calculation Period in which shares of a Pooled Share Class are first issued, the end of the relevant Initial Offer Period is considered the beginning of the first Calculation Period for the class and the proceeds of the initial offer are considered the Hurdle Rate Adjusted Net Asset Value for the class at the beginning of the first Calculation Period.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**6. Fees and Expenses (continued)**

**Performance Fees (continued)**

The Performance Fee will be payable on the relative return of each Pooled Share Class against the Hurdle Rate. Furthermore, the Performance Fee is payable on the outperformance of the Hurdle Rate and not the Net Asset Value per Share. The Performance Fee shall also be payable in the event of negative performance by a Pooled Share Class, provided that the Net Asset Value of the Pooled Share Class has outperformed the Hurdle Rate over the Calculation Period.

The Hurdle Rate in respect of the CORUM Butler Short Duration UCITS Fund means the return of the EURIBOR +1%.

The Hurdle Rate in respect of the CORUM Butler Smart ESG Fund is divided between (i) 50% of the Markit-iBoxx EUR Liquid High Yield Total Return Index (Bloomberg Ticker: IBOXXMJA) and (ii) 50% of the return of the EURIBOR +1% (Bloomberg Ticker: EUR001M). The return of (i) Markit-iBoxx EUR Liquid High Yield Total Return Index; and (ii) EURIBOR +1% will comprise the Hurdle Rate. The Markit-iBoxx EUR Liquid High Yield Total Return Index reflects the performance of EUR denominated sub-investment grade corporate debt. The Euribor is short for Euro Interbank Offered Rate. The Euribor rates are based on the average interest rates at which a large panel of European banks borrow funds from one another.

For the purposes of the Performance Fee calculation, the Net Asset Value of a class shall be calculated before the deduction of any accrual for Performance Fee for that Calculation Period, other than Performance Fee accrued in relation to the class in respect of redemptions during the Calculation Period but not yet paid.

For the avoidance of doubt, any underperformance of the Hurdle Rate in a Calculation Period must be recouped in future Calculation Periods before any Performance Fee will become payable.

Where Performance Fees are payable by the Sub-Fund, these will be based on net realised and net unrealised gains and losses as at each Payment Date. As a result, Performance Fees may be paid on unrealised gains which may subsequently never be realised.

The Manager may rebate to Shareholders or to intermediaries, part or all of the Performance Fee. Any such rebates may be applied in paying up additional Shares to be issued to the Shareholder.

Performance fees charged on the CORUM Butler Short Duration Bond UCITS Fund for the period ended 30 June 2020 EUR 238 (30 June 2019: EUR 3,656) of which EUR 238 (31 December 2019: EUR 12,028) was payable as at the period end.

Performance fees for the ICAV crystallise on an annual basis.

There were no performance fees charged on the CORUM Butler Smart ESG Fund for the period ended 30 June 2020.

**7. Directors' Remuneration**

The Instrument of Incorporation authorises the Directors to charge a fee for their services at a rate determined by the Directors. Any increase above the maximum permitted fee will be notified in advance to Shareholders. Each Director may be entitled to special remuneration if called upon to perform any special or extra services to the ICAV. All Directors are entitled to reimbursement by the ICAV of expenses properly incurred in connection with the business of the ICAV or the discharge of their duties. Directors' fees shall be payable semi-annually in arrears.

Directors' fees charged for the period ended were EUR 10,551 (30 June 2019: EUR 9,889) of which EUR Nil (31 December 2019: EUR Nil) was payable as at the period end.

**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**8. Financial Risk Management**

**(a) Overall Risk Management**

The main risks arising from the Sub-Funds' investments are credit risk, liquidity risk, and market risk (including currency risk, interest rate risk and price risk). Further details of the risks associated with an investment in the ICAV are set out in the Prospectus.

The Sub-Funds are also exposed to operational risk such as Depository or counterparty risk. Depository or counterparty risk is the risk of loss being incurred on securities in custody as a result of the counterparty's or the Depository's insolvency, negligence, misuse of assets, fraud, poor administration or inadequate record keeping. In the event that the Sub-Funds' counterparty or Depository becomes bankrupt and/or fails to segregate the Sub-Funds' assets on deposit as required, the Sub-Funds may be subject to a risk of loss. Although an appropriate legal framework is in place that reduces the risk of loss of value of the securities held by the counterparty, in the event of its failure, the ability of the Sub-Funds to transfer the securities might be temporarily impaired.

**(b) Credit Risk**

Credit risk is the risk that an issuer or counterparty will be unable to meet a commitment that it has entered into with the Sub-Funds. There is a possibility that an issuer will be unable to make interest payments and repay principal when due. Changes in an issuer's financial strength or in a financial instrument's credit rating may affect a financial instrument's value.

All transactions in listed securities are settled/paid for upon delivery using approved brokers. The risk of default is considered minimal as delivery of securities sold is only made once the broker has received payments. Payment is made on a purchase once the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

All assets of the Sub-Funds are held in segregated accounts by the Depository. Bankruptcy or insolvency of the Depository or counterparties may cause the Sub-Funds' rights with respect to securities held by the Depository or counterparty to be delayed or limited in certain cases. The Sub-Funds monitor risk by monitoring the credit quality and financial positions of the counterparties that the Sub-Funds use.

As at 30 June 2020, the Standard and Poor's rating of the Depository was A+ (31 December 2019: A+).

The Sub-Funds have credit risk with the issuer of debt securities in which they invest, which will vary depending on the issuer's ability to make principal and interest payments on the obligation. Any failure by any such issuer to meet its obligations will have adverse consequences for the Sub-Funds and will adversely affect the Net Asset Value per Share in the Sub-Funds. Among the factors that affect the credit risk are the ability and willingness of the issuers to pay principal and interest and general economic trends.

The credit risk on cash transactions and transactions involving derivative financial instruments is mitigated by transacting with counterparties that are regulated entities subject to prudential supervision, or with counterparties with high credit ratings assigned by a recognised rating agency.

The Sub-Funds were exposed to credit risk on cash and cash equivalents, exchange traded funds, forward foreign exchange contracts and fixed income securities that they held during the financial period.

The Investment Manager monitors the Sub-Funds' credit position on an on-going basis.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**8. Financial Risk Management (continued)**

**(c) Liquidity Risk**

Liquidity risk is the risk that the Sub-Funds may not be able to generate sufficient cash resources to settle their obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Sub-Funds invest in marketable securities and other financial instruments, which under normal market conditions are readily convertible to cash and cash equivalents.

The Sub-Funds' Shares are redeemable at the Shareholder's option on any dealing day for cash equal to a proportionate share of the Sub-Funds' Net Asset Value. The Sub-Funds are therefore potentially exposed to fortnightly redemptions by their Shareholders.

To manage liquidity risk, if the ICAV receives a request for the repurchase of Shares in respect of 10% or more of the total number of outstanding Shares of the Sub-Funds or 10% of the Net Asset Value of the Sub-Funds on any Dealing Day, the ICAV may elect to restrict the redemption of Shares in excess of 10%, in which case redemption requests will be scaled down pro rata and the balance of outstanding redemption requests shall be treated as if they were received on each subsequent Dealing Day until all the Shares to which the original request related have been redeemed.

The Investment Manager monitors the Sub-Funds' liquidity risk on a daily basis in accordance with the Sub-Funds' investment objectives, policies and investment guidelines. The Sub-Funds' overall liquidity positions are reviewed on a daily basis for the Sub-Funds.

**(d) Market Risk**

The ICAV uses the commitment approach to calculate global exposure.

**(i) Market Price Risk**

Market price risk arises mainly from uncertainty about future prices of investments held, which are measured at fair value. It represents the potential loss that the Sub-Funds might suffer through its holdings in the face of price movements. The Investment Manager of the Sub-Funds reviews the positions and gains and losses on a daily basis in order to monitor the underlying risks. Market price risk is managed by the Investment Manager through careful selection of securities and other financial instruments within the Sub-Funds' mandates and specified limits. The Investment Manager maintains the Sub-Funds' overall exposures making sure they fall within the diversification limits of the Sub-Funds.

The Sub-Funds may invest up to 100% of their Net Asset Value in transferable securities and money market instruments. These investments are subject to market price risk.

**(ii) Interest Rate Risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Sub-Funds' interest bearing financial assets and financial liabilities expose the Sub-Funds to the risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**8. Financial Risk Management (continued)**

**(d) Market Risk (continued)**

**(iii) Currency Risk**

Currency risk is the risk that the fair value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Sub-Funds may invest in financial instruments denominated in currencies other than the base currency or in financial instruments which are determined with references to currencies other than the base currency.

The Sub-Funds, however, will invest a portion of their assets in financial instruments denominated in EUR or in financial instruments which are determined with references to EUR. To the extent that the base currency is a denomination other than the denomination of the financial instruments owned by the Sub-Funds and no hedge is utilised, the value of the Sub-Funds' net assets will fluctuate based on fluctuations of the exchange rates as well as with price changes of its investments in the various local markets and currencies.

An increase in the value of the EUR compared to the other currencies in which the Sub-Funds may make investments in will reduce the effect of any increases and magnify the EUR equivalent of the effect of decreases in the prices of the Sub-Funds' financial instruments in its local markets. Conversely, a decrease in the value of the EUR will have the opposite effect of magnifying the effect of increases and reducing the effect of decreases in the prices of the Sub-Funds' non-EUR financial instruments.

Currency risk is managed in the Sub-Funds by monitoring its overall currency exposures and ensuring they fall within the Sub-Funds' specified mandates and limits. The Investment Manager currently does not hedge currencies.

**(e) Fair Value of Financial Instruments**

The Sub-Funds are required to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. In accordance with IFRS 7 "Financial Instruments: Disclosures", the inputs have been categorised into a three-level hierarchy which gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to significant unobservable inputs (Level 3). If the inputs used to value an investment fall within different levels of the hierarchy, the categorisation is based on the lowest level input that is significant to the fair value measurement of the investment.

The Sub-Funds use the "market approach" valuation technique to value its investments. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" may require significant judgement but can generally be considered as that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorisation of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the risk of that instrument.

The three levels of the fair value hierarchy are as follows:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities that the Sub-Fund has the ability to access at the measurement date;
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as a price) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs) and which are significant to the valuation.

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

**8. Financial Risk Management (continued)**

**(e) Fair Value of Financial Instruments (continued)**

Investments typically classified within Level 1 include active listed equity securities, exchange traded derivatives and certain government bonds. Investments typically classified within Level 2 include investments in fixed income securities, corporate bonds, certain government bonds, certain listed equity securities and over-the-counter derivatives. Investment funds are also considered Level 2 investments if there is evidence that redemptions occurred during the financial period and that there were no restrictions preventing redemptions at the financial period end. As Level 2 investments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations may be adjusted to reflect illiquidity and/or non-transferability. Such adjustments are generally based on available market information. Investments typically classified within Level 3 include certain corporate bonds, private equity securities and investment funds that have suspended redemptions, created side pocket classes or imposed gates. Within Level 3, the use of the market approach generally consists of using comparable market transactions.

The Sub-Funds' investments in exchange traded funds and fixed income securities are classified within Level 2: quoted prices in active markets that are accessible at the measurement date for identical, unrestricted investments.

The table below summarises the Sub-Funds' classification of investments, into the above hierarchy levels as at 30 June 2020 and 31 December 2019.

**9. Efficient Portfolio Management**

Subject to the conditions and within the limits from time to time laid down by the Central Bank, and except as otherwise stated in the investment objective and policies of the ICAV, the Investment Manager may employ investment techniques and instruments such as forward foreign exchange contracts, futures, swaps, options and CFDs for efficient portfolio management purposes. Furthermore, new techniques and instruments may be developed which may be suitable for use by the ICAV in the future, and the ICAV may employ such techniques and instruments subject to the prior approval of, and any restrictions imposed by, the Central Bank. During the period ended 30 June 2020 and the year ended 31 December 2019, the ICAV entered into forward foreign exchange contracts, futures, swaps, options and CFDs for the purpose of hedging currency risk of investments, for investment purposes and as cash holdings. Details of all derivative instruments held as at the period end are disclosed in the Schedule of Investments.

**10. Taxation**

The ICAV is an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997.

Therefore, the ICAV is not liable to tax in respect of its income and gains other than in the occurrence of a chargeable event. A chargeable event includes any distribution payments to Shareholders or any encashment, redemption, transfer or cancellation of shares or the ending of each eight-year period for which the investment was held.

---

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

---

**10. Taxation (continued)**

Generally, a chargeable event arises on any distribution, redemption, repurchase, cancellation, transfer of shares or the ending of a 'Relevant Period'. A 'Relevant Period' is an eight-year period beginning with the acquisition of the shares by the Shareholder and each subsequent period of eight years beginning immediately after the preceding Relevant Period.

A gain on a chargeable event does not arise in respect of:

- Shareholder who is not Irish resident and not ordinarily resident in Ireland at the time of the chargeable event, provided the necessary signed statutory declarations are held by the ICAV;
- certain exempted Irish resident investors who have provided the ICAV with the necessary signed statutory declarations;
- an exchange of shares arising on a qualifying amalgamation or reconstruction of the ICAV with another fund;
- any transactions in relation to shares held in a recognised clearing system as designated by order of the Revenue Commissioners of Ireland;
- certain exchanges of shares between spouses and former spouses on the occasion of judicial separation and/or divorce; or
- an exchange by a Shareholder, effected by way of an arm's length bargain where no payment is made to the Shareholder of Shares in the ICAV for other Shares in the ICAV.

Capital gains, dividends and interest (if any) received on investments made by the ICAV may be subject to withholding taxes imposed by the country from which the investment income/gain is received and such taxes may not be recoverable by the ICAV or its Shareholders.

In the absence of an appropriate signed declaration, the ICAV will be liable to Irish tax on the occurrence of a chargeable event, and the ICAV reserves its right to withhold such taxes from the relevant Shareholders.

**11. Related Parties Transactions**

IAS 24 - parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

Frederic Noirot Nerin is a Director of the ICAV and Chief Executive Officer of the Investment Manager.

Jonathan Wasserman is a Director of the ICAV and the Fundraising Director of the Distributor.

Delphine Godo is a Director of the ICAV and a Director and shareholder of CORUM Butler Asset Management Limited.

Other than noted above the Directors, the Secretary and their families had no interest in the shares of the ICAV as at 30 June 2020 and 31 December 2019.

As at 30 June 2020 the CORUM Eco SICAV Fund holds 99.11% (31 December 2019: 99.11%) of the shareholdings of the CORUM ECO 18 UCITS Fund. The CORUM Eco SICAV Fund is the ultimate controlling party of the CORUM ECO 18 UCITS Fund.

The Investment Manager owns 100% of the shareholdings of the CORUM Butler Smart ESG Fund.

See Note 6 for information on Investment Management fees, Manager fees, Administration fees, Depositary fees and Performance fees. See Note 7 for information on Directors' remuneration.

**CORUM Butler UCITS ICAV**  
**Notes to the Unaudited Financial Statements (continued)**  
**For the financial period from 1 January 2020 to 30 June 2020**

**11. Related Parties Transactions (continued)**

**Transactions with connected persons**

The Central Bank UCITS Regulations, paragraph 41(1) – 'Dealings by promoter, manager, trustee, investment adviser and group companies' states in paragraph one that any transaction carried out with a UCITS by a promoter, manager, trustee, investment adviser and/or associated or group companies of these ("connected persons") must be carried out as if negotiated at arm's length. Transactions must be in the best interests of the unit-holders of the ICAV.

The Directors are satisfied that: (i) there are written arrangements in place, to ensure that the obligations set out in Regulation 41 (1) of the Central Bank UCITS Regulations are applied to all transactions with connected persons; and (ii) transactions with connected persons entered into during the period complied with the obligations set out in that regulation.

Adjustment for write off of establishment expenses	(33,668)	(52,437)
	2,398,327	960,717

**16. Significant Events during the Financial Period**

On 9 January 2020, Butler Corum Asset Management Limited changed name to CORUM Butler Asset Management Limited.

New Prospectuses and Supplements were issued, dated 31 January 2020 with the following changes:

The ICAV changed it's name from Butler CORUM UCITS ICAV to CORUM Butler UCITS ICAV.

Sub-Fund name changes from Butler Short Duration Bond UCITS Fund to CORUM Butler Short Duration Bond UCITS Fund and; Butler Corum Smart ESG Fund to CORUM Butler Smart ESG Fund.

The CORUM Eco 18 UCITS Fund declared a dividend of EUR 22,575 on the Class F Distribution EUR Share Class on 3 January 2020.

**COVID-19**

Since early January 2020, global financial markets have been monitoring and reacting to the Coronavirus (COVID-19). While containment efforts may have helped to slow the initial growth of the virus, in March 2020, global financial markets reacted sharply to the news that the virus was continuing to spread, as well as concerns regarding the larger economic impact this may have on a global scale.

During the reporting period, all redemptions in the Funds have been met fully and in a timely manner. The Funds continue to be managed in accordance with their investment objectives, investment policies and risk profiles.

The Board of Directors has been monitoring the outbreak as markets reacted to the pandemic with increased volatility and uncertainty. Since the onset of the pandemic the Board has also noted the operational risks that are posed to the Company and its service providers due to global and local movement restrictions that have been enacted by various governments. The COVID-19 pandemic is an unprecedented event and the eventual impact on the global economy and markets will largely depend on the scale and duration of the outbreak. The Board continues to monitor this situation closely and has put in place measures to safeguard its ability to provide services to the Company and each Fund.

There were no other significant events requiring disclosure in the financial statements.

**17. Subsequent Events after the Financial Period**

No events have occurred in respect of the ICAV subsequent to the financial period end which were deemed material for disclosure in the financial statements.

**18. Approval of the Financial Statements**

The Directors approved the financial statements on 26 August 2020.
